Whether, at what point, and to what extent, your own policies apply can only be determined by you checking the terms of the policies themselves as these terms frequently vary. SLI provides protection for the renter from third party automobile claims for the difference between the minimum financial responsibility limits and maximum combined single limit of liability of \$1,000,000 of rental for bodily injury, death or property damage for each accident caused by the use or operation of an Alaska 4x4 Rentals rental vehicle as permitted in this Rental Agreement. SLI does not apply to liability for bodily injury or property damage arising out of any "prohibited use of the vehicle" as described in paragraph 6 of this rental agreement or in violation of any law, ordinance or regulation, all of which are exclusions to SLI. SLI is in addition to your own personal automobile insurance and your purchase of SLI from Alaska 4x4 Rentals does not eliminate the requirement that you have and maintain your own automobile insurance with the limits required by this Rental Agreement.
